10-Dec-2013 Download Batman Arkham Origins Game – Torrent P2P. Batman: Arkham Origins Complete Edition Torrent With Full PC Game Crack. Batman Arkham City Game. Batman Arkham City Game. Batman: Arkham Origins PC is available in three variants: a basic edition for \$30.00, a collector's edition for \$60.00 and a special edition for \$100.00. The game is a prequel to Batman: Arkham Asylum, taking place in the early years of Batman's career as a costumed vigilante, as the player takes control of the Caped Crusader as he faces off against various criminals in the now-destroyed district of Central City. Arkham Origins features a Game Boy-style visual style, for which the creators were inspired by the artist Dave Gibbons' comic book series The Dark Knight Returns. Batman Arkham Origins does not feature a grappling hook like its predecessor, but instead features the batarang as the primary means of movement. The game also features various gadgets available for Batman to use, with the Batarang being the game's primary one. It is playable as either Batman or his sidekick Robin. Story and setting The game is set in the fictional city of Gotham, as it is ravaged by its most notorious criminals, the Joker, the Penguin, the Riddler, Two-Face, Catwoman, Harley Quinn, The Mad Hatter and Scarecrow. While it is present in the game, the Scarecrow and Harley Quinn are only mentioned. The game begins with Batman arriving at the new Court of Owls headquarters, after defeating the Joker and his gang of villains. There, he encounters the Court, in which a cabal of vampires is plotting to revive Batman's deadly nemesis, Bane. It is discovered that the vampires have the ability to control the minds of people through special rings that they possess. In order to defeat the vampires, Batman must discover who they are and what they are up to, which leads him to a secret laboratory operated by a secret society known as the Illuminati. Development The game was in development for four years, according to Rocksteady executive director Sefton Hill. It was announced at the Spike Video Game Awards in 2012 that the game would be released on the next-generation consoles and on Microsoft Windows. The game was released on Windows, PlayStation 3, PlayStation 4, Xbox 360 and Xbox One. The game was in development for four years, according to Rocksteady executive director Seft 4bc0debe42
