### What's New in the Rainbow Prism Folder Icons?

Every icon in this set of icons can be edited using the typical photo editing software. You will be able to resize, stretch or move them in the most desired way. All of these icons are drawn by me, so there will be no copyrighted images or other icons here. This collection of icons is designed to be used with themes or skins that are based on the official Prism 3.0 theme for Windows 7. After installing the themes, when you will click on any of the colorful icons from the pack, you will be able to choose from a set of similar colorful icons with which you can replace the original one. What's more, the icon set was designed in such a way that they are very easy to edit. You will find a very simple image editor in this icon set. If you don't have such an editor, you will be able to download the necessary software. If you don't have a photo editor, you may make use of the resizing tool that comes along with the image. In order to maintain the quality of the set of icons, the icons in this package are only available in 64x64, 48x48, and 32x32 sizes. Instructions for use: For the best results, you should make use of an image editing software such as Paint.NET or Gimp. If you don't have such an application, you can make use of the one provided in this icon pack. In order to make the best use of this icon set, you should choose a set of colorful, aesthetically pleasing icons that will replace the default ones. Make sure that you choose the new ones. Don't select the default ones. Otherwise, you will not be able to select a new icon if you click on the existing one. The right-click menu in the icons has the following options: Set as Desktop Shortcut, Set as Folder Shortcut, Open With > Adobe Photoshop, Open With > Gimp, Set as Defaults (Icons do not replace the system icons). The icons also come with a detailed.NET Icon Generator menu, so you will be able to see the icon that you can add to a menu or a tool bar. Notes: You may also like: The Blue Star Icon Set.
